

DISCLOSURE OF REAL OR POTENTIAL CONFLICT OF INTEREST FOR EXTERNAL EVALUATIONS

This document includes a template for disclosure of real or potential conflict of interest for USAID external evaluations and instructions.

Instructions

Evaluations of USAID activities will be undertaken so that they are not subject to the perception or reality of biased measurement or reporting due to conflict of interest.¹ For external evaluations, all external evaluation team leaders and team members will provide a signed statement attesting to a lack of conflict of interest or describing an existing conflict of interest relative to the activity being evaluated.² USAID employees who participate as a team member on an external evaluation should not complete this form.

Evaluators of USAID activities have a responsibility to maintain independence so that opinions, conclusions, judgments, and recommendations will be impartial and will be viewed as impartial by third parties. External evaluators and evaluation team members are to disclose all relevant facts regarding real or potential conflicts of interest that could lead reasonable third parties with knowledge of the relevant facts and circumstances to conclude that the evaluator or evaluation team member is not able to maintain independence and, thus, is not capable of exercising objective and impartial judgment on all issues associated with conducting and reporting the work. Operating Unit leadership, in close consultation with the Contracting Officer, will determine whether the real or potential conflict of interest is one that should disqualify an individual from the evaluation team or require recusal by that individual from evaluating certain aspects of the activity(s).

In addition, if evaluation team members gain access to proprietary information of other companies in the process of conducting the evaluation, then they must agree with the other companies to protect their information from unauthorized use or disclosure for as long as it remains proprietary and refrain from using the information for any purpose other than that for which it was furnished.³

REAL OR POTENTIAL CONFLICTS OF INTEREST MAY INCLUDE, BUT ARE NOT LIMITED TO:

1. Immediate family or close family member who is an employee of the USAID operating unit managing the activity(s) being evaluated or the implementing organization(s) whose activity(s) are being evaluated.
2. Financial interest that is direct, or is significant/material though indirect, in the implementing organization(s) whose activities are being evaluated or in the outcome of the evaluation.
3. Current or previous direct or significant/material though indirect experience with the activities being evaluated, including involvement in the activity design or previous iterations
