

**Agenda - Morocco Locally Led Learning (ML3) Oral Presentations + Industry Day**  
**Monday, March 28, 2022 in Rabat, Morocco**

**Event Overview:**

This one-day, in-person event will gather USAID staff and local offerers who have been selected to advance to Phase Two of the Morocco Locally Led Learning (ML3) blanket purchase agreement (BPA) procurement process. Each offeror will present a past work for the Technical Evaluation Committee’s (TEC’s) consideration, followed by Q&A. See the Phase Two Instructions to Selected Offerers for further details on the oral presentations. The event will also be an opportunity for USAID/Morocco to share information about its approach to locally led learning, and to ensure understanding among offerers about requirements for working with USAID. By creating the space for open dialogue and supporting first time partners to prepare to work with USAID, the event will lay the groundwork for effective partnership and adaptive learning throughout the life of the ML3 BPA.

**Participants:**

Each offeror is invited to send **up to three** individuals to the event. Participants must only include individuals who submitted their CVs as part of the Phase One quotation submission. Offerers are strongly encouraged to consider gender inclusivity as part of participant selection, and to send participants that represent the diversity of their organizations.

**Agenda:**

Time	Session Topic	Presenter(s)
