

HOW TO CREATE A LEARNING AGENDA

...the DRG Center way

write concept note
aligning Learning Agenda with DRG Center's strategy

convene **Theme Teams** with membership from across the DRG Center

start with **Theories of Change** and convert to **mid-level research questions**

create and implement **action plan** for each question to generate academic & practitioner research

construct brochure and **user-friendly website** to publicize Learning Agenda questions

survey stakeholders in DC and Missions to **prioritize questions**

share findings with Theme Teams, field Missions, and other stakeholders

strategize about utilization of findings, track dissemination, and integrate with knowledge management strategy

convene **Learning Agenda Advisory Group** annually to retire some questions and formulate new ones
